Now I am in Year 14, I have to make a choice about
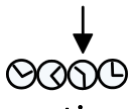

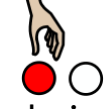

what I want to do next year.

Sometimes, making a choice can be a bit tricky. That is OK.

It is important to think about what I like doing now, and

what I want to do when I grow up.

In the Summer, I am going to be leaving Sixth Form. This is
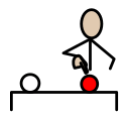

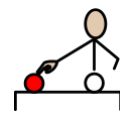

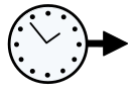

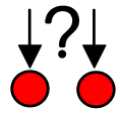

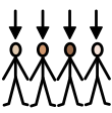

OK.
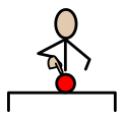

I might feel worried about this. That is OK. The adults at school will help me to feel better about it.

I am going to go somewhere new. I could go to College, MK Snap or the Christian Foundation. This is OK.

Everybody in Year 14 is leaving school in the Summer.

Whatever I choose to do next year, I will have fun and be happy.
